

First Citizens Bank (Clarion)

First Citizens Bank in Clarion has had a presence in the community for 130 years. As a locally owned bank based out of Mason City, First Citizens has a unique advantage of being large enough to meet any financial needs but small enough to still be personal and community minded.

With branches in eight Iowa locations and one in Minnesota, First Citizens provides convenience and accessibility to several communities across northern Iowa.

Locally, First Citizens has 13 full time employees, one seasonal part time and one student employee. They keep involved in the community through the Chamber of Commerce and Clarion Economic Development Corp. as well as being members and participants of many civic groups.

First Citizens also strongly supports our school district by working concessions at the homecoming football game, donating books to the library, meeting with students to support financial literacy and being strong advocates and supporters of the Leader in Me program.

“We are very proud to be a part of the Clarion community and the surrounding area.”
